

B.Com in Accounting and Finance (BAF) program offers in-depth knowledge in accounting and financial subjects by different means such as classroom teachings, seminars, and projects industrial visits, expert talks etc.

This course helps students to acquire knowledge in the field of accounting, taxation, auditing, financial accounting, taxation, managerial economics, and business law and business communications.

After the completion of BAF course, students have various career options to choose from. Those who are keen to go for further studies can go for MBA in Finance which is one of the most common options after graduation and another options are: _

Chartered Accountant (CA)

Chartered Financial Analyst (CFA)

Company Secretary (CS)

Course in management accounting (CMA)

Some of the popular job roles for BAF graduates are:

Financial Consultant

Accounting Analyst

Marketing Manager

Billing Data Analyst

Accounts Assistant

Finance Analyst

Auditor

Executive Manager

The major advantage of opting BAF is that the students have a better understanding as well as have an in depth understanding in the field as they specialize and emphasize more in accounting and finance to be able to apply the knowledge gained through theory and practical experience in the real business world .
